- 4) Email me this completed paper to [pjay@msjc.edu](mailto:pjay@msjc.edu)

## **Answers**

### **General Info About Me:**

- a) My name is Daniel Meyer
- b) I plan on getting a degree in Computer Graphics Programming.
- c) I have been at MSJC for 2.5 years now and plan to transfer to California State San Bernardino next fall. I currently do not have any degrees, but plan to acquire a degree in Computer Graphics Programming at CSUSB.
- d) I am currently a full-time college student and also a part-time driver for Dominos.
- e) My level of computer knowledge encompasses 3 programming languages and my general computer knowledge is thorough as over the years if I ever had question about something regarding computers I would research it. Everything I know when working with computers has been self-taught with the exception of programming languages (which I learned at MSJC).

### **Questions:**

- 1) To get an 'A' in this class you need 990-1100 points.
- 2) On September 20<sup>th</sup> I expect to learn about Disk Operating Systems and the Command Line Interface.
